INTERIOR DESIGN CURRICULAR GUIDE
3-Year Plan
For Transfer and Change of Majors

Core Curriculum course requirements must also be met as per university and program requirements. Even though this plan begins with a summer semester, the initial application to SIUC must indicate you are applying for admission into the Interior Design program for the fall semester. After you have been admitted into SIUC you will receive a separate program application. The program application will allow you to indicate your interest in the three-year plan beginning with the summer semester. Enrollment in this option is limited to the first five qualified applications.
