## MASTER SYLLABUS

**COURSE NO., HOURS, AND TITLE:** ARC 444 – 1 to 6  
Architectural Field Studies

**COURSE DESCRIPTION:**

(Advanced University Core Curriculum course) In site study of specified world area(s) concerning the influence of the region's particular culture on architecture, landscape, urban and interior design. The course reviews both historic and current: ethnicity, social, philosophical, religious, economic and political values of the region being visited to gain insights on the symbiotic relationship between culture and design. Prerequisite: program major in the Department of Architectural Studies or consent of school director. Credit hours are dependent on duration and region studied. Three credit hours satisfies University Core Curriculum Interdisciplinary requirement in lieu of ARC 314i. Not for graduate credit. Prerequisite: Consent of instructor and school director. Fees: cost of transportation, lodging, access fees and general cost related to delivery of the curriculum items that are in addition to on-site courses.
