

## MASTER SYLLABUS

**COURSE NO., HOURS, AND TITLE:** ID 491-4  
Interior Design Studio III

### COURSE DESCRIPTION:

Interior design of the environment at the corporate or institutional level where client/owner and client/user are significantly different. Emphasis is on design. Furniture systems, particularly in the area of office planning are to be included. Facility types include financial institutions and institutional facilities. Not for graduate credit. Prerequisites: 272, 274, 382, 392, and major in interior design or consent of school director.

**PREREQUISITE TO:** ID 432 - Interior Design Seminar  
ID 492 - Interior Design Studio IV

### COURSE OBJECTIVES:

Upon completion of this course, the student will:

1. Conduct research for the specific projects on ceilings, open office systems and office landscape and acoustical control.
2. Develop a facility program for the senior project.
3. Complete initial space planning.
4. Execute design development with basic architectural plans and sections, reflected ceiling plans, coded finish and furniture plans, cabinetry detailing, and appropriate schedules.
5. Make oral, written, and graphic presentations on design solutions at several stages.
